## RatooOut

Rat Out, the revolutionary rat repellent from Bajaj Planet, boasts a range of features designed to provide effective and versatile pest control for both indoor and outdoor environments.

### **Dual Action Formula:**

Rat Out employs a unique dual-action formula that not only repels rats but also discourages their return, creating a lasting barrier against infestations.

### **Indoor and Outdoor Use:**

Whether you're dealing with rats in your barn, storage spaces, or fields, Rat Out is formulated to be equally effective both indoors and outdoors, offering comprehensive protection for your entire property.

### **Long-lasting Protection:**

With an extended efficacy period, Rat Out ensures prolonged protection, reducing the frequency of re-applications and providing peace of mind for farmers and homeowners alike.

### **Environmentally Friendly:**

Bajaj Planet Protex is committed to sustainable practices. Rat Out is eco-friendly, ensuring it does not harm beneficial organisms in the environment, and aligns with our dedication to responsible pest management.

### **Easy Application:**

Rat Out is user-friendly, featuring a convenient application method that allows for hassle-free use. The product can be easily applied to target areas, providing a practical solution for both large-scale agricultural operations and smaller residential spaces.

### **Non-toxic Formulation:**

Ensuring the safety of crops, livestock, and humans, Rat Out is crafted with a non-toxic formulation. This makes it a reliable choice for those seeking effective pest control without compromising on safety.

### **Residue-Free:**

Rat Out leaves no harmful residues, preserving the integrity of crops and ensuring that the environment remains unaffected after application.

With Rat Out, Bajaj Planet Protex continue their legacy of innovative agricultural solutions, offering a reliable and sustainable answer to rat infestations for farmers and homeowners alike.
